

LET YOUR WANTS BE  
KNOWN IN THE  
EVENING STANDARD

# The Evening Standard

A FEARLESS, INDEPENDENT, PROGRESSIVE NEWSPAPER.

OGDEN CITY, UTAH, TUESDAY EVENING, SEPTEMBER 10, 1912

## WEATHER FORECAST

THE INDICATIONS ARE THAT THE WEATHER WILL BE GENERALLY FAIR TONIGHT AND WEDNESDAY, WITH SLOWLY RISING TEMPERATURE, PRECEDED BY LOCAL RAIN THIS AFTERNOON; FROST IN HIGH DISTRICTS TONIGHT.

## POLLS OPEN IN COLORADO

Large Vote Expected Today In First State-wide Primaries

Denver, Colo., Sept. 10.—Weather conditions appeared favorable for a large vote in Colorado's first state-wide primary today. Early reports from cities throughout the state indicate a heavy vote. The polls opened at 7 o'clock this morning and will close at 7 o'clock tonight. It probably will be late tonight before definite returns are available.

Under the primary election law in this state each voter was handed both a Democratic and Republican ballot with instructions to vote straight one or the other, then return unmarked to the judges the ballot not wanted. This caused some confusion early in the day.

While women are candidates for many state and county offices, Mrs. Katherine Williamson is the only woman candidate for a place in the national house of representatives. She is opposing Edward P. Taylor (Incumbent), also William L. Clayton and Edward Keating for the Democratic nomination for congressman-at-large.

For state superintendent of public instruction there are four women candidates for the Democratic nomination, and one woman candidate on the Republican ticket. Mrs. C. C. Bradford, Democrat is the incumbent.

Democratic candidates for United States senator (long term) are Governor John F. Shafroth, Former Governor Alva A. Adams and Thomas J. O'Donnell. For the unexpired term Former Governor C. S. Thomas has no opposition. Republican candidates for the United States senate (long term) are C. C. Dawson and M. D. Vincent.

For the unexpired term Charles W. Waterman and James H. Brown are the candidates. There are six Republican candidates for congressman-at-large. Democratic aspirants for the gubernatorial nomination are: Joseph H. Maupin, Elias M. Ammons and Thomas J. Lyman.

Republican candidates are Phillip B. Stewart, representing the Progressive wing of the Republican party and C. C. Parks, of the regular Republican forces.

R. W. Means has no opposition for the Republican nomination for congress in the First congressional district. Four Democratic for the First congressional district are: A. W. Rucker, Incumbent, George J. Kindel, M. C. Harrington and Henry A. Drumm.

## JOHNSON IS IN ILLINOIS

Chicago, Sept. 10.—To speak in nine Illinois cities in as many hours was the task that faced Governor Johnson today when he arrived in Chicago from Detroit. The longest address of the day was scheduled for Streator, at a Progressive rally.

Governor Johnson planned to return to Chicago tonight and start on a Wisconsin tour tomorrow.

Talks in Freeport. Freeport, Ill., Sept. 10.—Governor Johnson today made flying trip to what are generally regarded as Republican strongholds in northern Illinois, urging the support of the Progressive party in the coming election.

"We are working for that program of social and industrial justice which will give equal rights to all," he said here. "Our party would have government devote a part of its time, at least, to the conservation of its human resources. By this plan we do not mean to destroy business, but we do not wish the government to devote its entire time to swelling fortunes. A government which devotes all of its time to the development of business is worse than no government."

Mrs. Raymond Robbins of Chicago settlement worker and suffragist, rode in Governor Johnson's private car and passed out suffrage literature.

## MURDER CAR USED FOR SIGHTSEEING

New York, Sept. 10.—The notoriety gained by automobile No. 41,213, the gray touring car used by the murderers of Herman Rosenthal, has been capitalized and the automobile is now being used as a sightseeing machine. This act has been brought to the attention of the police by the arrest of the driver, Frederick Halloran, for violating certain traffic regulations. Halloran told the police that he had recently bought the car from Louis Libbey, who owned it at the time the murder was committed.

Charleston, W. Va., Sept. 10.—Several wagon loads of weapons of all descriptions were added today to the storehouse at military headquarters because of the martial law zone's extension over Dorothy, Raleigh county, where striking miners are numerous. Under orders issued by the military all houses throughout Kanawha county are being cleaned today. Efforts to maintain good sanitary conditions forced the military to warn property owners and occupants to clean their premises or be placed under arrest.

A process for extracting gold and silver from mining stocks would certainly fill a long felt want.

## DIPLOMAT ARRESTED

Panama Legation Attache Abducts Girl—Forfeits Bond

New York, Sept. 10.—Harry E. Nolan, of Washington, D. C., recently appointed secretary to the United States legation at Panama, failed to appear in police court today to plead to a charge of abducting 16-year-old Marion McVicker of Newport News, Va. His cash bail of \$1,000 was ordered forfeited and two detectives were sent to arrest him.

After declaring the \$1,000 bail forfeited, the court fixed bail at \$2,500 for Nolan when arrested and paroled the McVicker girl in the custody of the Florence Crittenton mission. The arraignment was then declared postponed until September 17.

Nolan was arrested last night on complaint of agents of the Old Dominion Steamship company that the McVicker girl, whose father was reputed to be a prosperous inn keeper at Glasgow, Scotland, had disappeared from the steamer Jefferson shortly after its arrival here Friday. The McVicker girl had been entrusted by her brother to the care of a stewardess on the vessel, with instructions to remain aboard until Thursday, when she was to have sailed for Scotland on a ticket purchased by her father.

At Broadway Hotel. Nolan and the girl were found at a fashionable Broadway hotel where they had registered as H. E. Nolan and wife. The girl broke down and told the detectives that she had met Nolan aboard the vessel and at his suggestion that she get a position in New York had changed her mind about going back to Scotland and gone with him. Nolan had nothing to say.

In the Tombs court today Summer Gerard, who furnished the cash bail last night, appeared for Nolan and asked for a postponement of the arraignment for two weeks and a continuation of the \$1,000 bail. The court allowed a postponement of one week, but before fixing the amount of bail ordered the assistant district attorney to prepare a formal complaint.

While the complaint was being drafted Gerard and Nolan, who had been waiting in the corridor outside, left the building.

Ten minutes later the complaint was ready and a search for Nolan and Gerard was made. Not finding either at once, the court ordered the cash bail forfeited and fixed the amount of the bond for Nolan's appearance on September 17 at \$2,500.

An hour later detectives told Mammistrato Murphy they had found Nolan in Gerard's office.

"Well, where is he?" demanded the court.

"Why, Mr. Gerard said that the case had been put over a week and the same bail continued," one of the detectives replied.

"Get out and arrest Nolan on sight," ordered the magistrate, "and bring him before me this afternoon." During the proceedings the McVicker girl wept copiously and became hysterical when told that her brother, William McVicker of Newport News, was requested to appear with her in the proceedings. She told the probation officer she had repented and wanted to go back home. She said that she had married secretly in Newport News last August, James Foster, watchman at a Newport News garage, and had also repented that.

Did Not Report. Washington, Sept. 10.—Harry E. Nolan, the young diplomat arrested in New York charged with abduction, was confirmed by the senate as secretary of legation at Panama on August 22. Nolan, who was born here, but who was appointed from Illinois, had passed the examinations necessary to his appointment and was ordered to report for instructions. He did not go, however, and has not communicated with the state department. The government will take no action until the courts pass upon the case.

Washington, Sept. 10.—Robert Dix, a young eastside politician, is dying in the Harlem hospital today of a bullet fired by Patrolman Crosson late last night. Dix had been arrested on complaint of a mulatto girl, whose face he had slapped. Police man and prisoner were on their way to the station when Dix broke free and ran. He seemed likely to escape in the thickening crowd and Crosson drew his revolver and fired three shots. The first dropped an innocent bystander with a bullet in his leg. The second shot went wild. The third brought the real fugitive to earth with a wound in his breast.

Crosson is known on the force as "Diamond Dick." He has been devoted much of his attention recently to an extended search for "Gyp the Blood."

Although the president had no statement to make about the Maine result, his friends here were not so reticent. According to their view the result will serve to keep in line many Republicans who were wavering toward the Progressives. It will be an example, they say, to the doubtful ones of what can be accomplished where a solid front is presented to the Democrats.

## PLEASSED BY MAIN VOTE

Taft Sees Republican Victory In Result—Resumes Golf Play

Beverly, Mass., Sept. 10.—President Taft was so greatly pleased today with the Republican victory in Maine that he forgot about his lame ankle and went out to play golf. He was especially cheerful when he learned that the Maine legislature will be Republican on joint ballot, assuring his party of another vote in the United States senate.

Although the president had no statement to make about the Maine result, his friends here were not so reticent. According to their view the result will serve to keep in line many Republicans who were wavering toward the Progressives. It will be an example, they say, to the doubtful ones of what can be accomplished where a solid front is presented to the Democrats.

SUPERFLUOUS REASONS. The Agitator—I have here, my friend, a leaflet giving seven reasons why you should come out on strike. The Other—Look 'ere, old mate, I've got one reason why I don't come out—an' that is she. You go an' argue with 'er—London Opinion.

OPEN SEASON FOR COONS

Published by permission of the North American, Philadelphia.

## REVOLUTION IS ON WANE

Nicaragua Becomes Quiet—Yankee Soldiers Patrol Railroad

Washington, Sept. 10.—The revolution in Nicaragua is on the wane, according to advices from Rear Admiral Sutherland. The admiral reported that the American landing forces now control the railroad system and that the uprising has dwindled to the proportions of "the usual Central American revolutions."

The turbulence appears to have subsided in proportion to the rapidly with which the American marines and bluejackets restored traffic on the railroad line. The road will be in operation soon from Corinto to Granada, the southern terminus, where there has been much suffering among the starved people. To push the work, Colonel J. H. Pendleton has placed in command of the sailors from the cruisers Colorado and California with 500 marines, and has occupied Leon as headquarters.

## OFFICER SHOTS ESCAPING MAN

New York, Sept. 10.—Robert Dix, a young eastside politician, is dying in the Harlem hospital today of a bullet fired by Patrolman Crosson late last night. Dix had been arrested on complaint of a mulatto girl, whose face he had slapped. Police man and prisoner were on their way to the station when Dix broke free and ran. He seemed likely to escape in the thickening crowd and Crosson drew his revolver and fired three shots. The first dropped an innocent bystander with a bullet in his leg. The second shot went wild. The third brought the real fugitive to earth with a wound in his breast.

Crosson is known on the force as "Diamond Dick." He has been devoted much of his attention recently to an extended search for "Gyp the Blood."

## JOURNALIST DIES BY HIS OWN HAND

New York, Sept. 10.—Charles C. Boucher, a newspaper man who committed suicide in London yesterday, was well known in New York and on the Pacific coast. He was born in San Francisco in 1862 and was a graduate of the University of California. He worked as a newspaper reporter for many years on the Pacific coast and came to New York about ten years ago, serving as ship news reporter for the World and Herald. He recently left New York to work in the London office of the Herald. His wife, whom he married two years ago, was to have sailed today to join him.

## HOPEFUL IN MEXICO CITY

Mexican Officials Believe Intervention Will Not Become Necessary

Mexico City, Sept. 10.—Government officials continue to regard as absurd the reports that the United States government is seriously considering intervention in Mexico. It was declared at the national palace today that conditions are steadily growing better. In the meantime every effort will be made, it was announced, to protect foreigners and their property.

Recent developments in the south do not appear to include any serious encounters. Rebels are reported to be operating in Puebla, Morelos and the state of Mexico.

A new rebel movement, of which few details have been obtained, has been reported from Muziz, state of Coahuila. Several bands of revolutionists have appeared along the line of the international railway and there is some reason for believing that their objective point is the border town of C. P. Diaz.

Liberado Galavis, one of Orozco's officers, is reported to have been killed in the attack upon San Miguel Mesquite last week, and his body is said to be still hanging from the balcony of the municipal building there.

Manuel Betancourt, an American citizen, according to the story brought here today, was fatally wounded by rebels when they attacked Atlixco, near Tlalisco, Guerrero, last Saturday. Betancourt is said to have been a native of Texas.

A heavy consignment of ammunition and 150 soldiers left the capital last night for Monterrey. A new rebel movement has been reported at Rancocas, state of Nuevo Leon, near Monterrey.

## WOMAN CATCHES DRAG ROPE AND STOPS DRIFT OF DIRIGIBLE

Chicago, Sept. 10.—Horace B. Wild and John De Courcy, his engineer, started out last night from Woodlawn in a 125-foot dirigible balloon. They were sailing toward the down town district when a water plug blew out and they found themselves in serious trouble several hundred feet in the air.

Their cries were heard by Mrs. Walter R. Smith, who was on the roof of a shed in the rear of her home. She saw the craft was settling and also caught a glimpse of a long trail rope hanging from the balloon and dragging against buildings. As the rope dangled near her she seized it and held on with all her 185 pounds of strength.

She was dragged from the roof and against a fence, but she held on and finally succeeded in stopping it. The craft settled down among some telegraph wires with no further damage than a broken rudder.

## PRIMARIES BEING HELD

Washington Voters Will Name Candidates For Three Tickets Today

Seattle, Wash., Sept. 10.—With fair weather throughout the state the Republican, Democratic and Socialist parties are holding primaries today under official supervision for the nomination of state congressional, legislative and county tickets.

With the governorship and the Seattle and Tacoma congressional seats practically uncontested, the Republicans depend on the county candidates to bring out a large vote. Governor Marion E. Hay will be renominated, as will Representative Will E. Humphrey of Seattle.

In the second congressional district Representative Stanton Warburton went over to the Progressive party and yielded the field to Albert Johnson of Hoquiam.

Two women are Republican candidates for public land commissioner. Mrs. Tamblin's name appears on the ballot as "M. H. Tamblin," and she is distressed that the name was not printed Maud H. Tamblin, as she fears Leola May Blinn, whose name appears in full, will get the women's vote.

On the Democratic side there are seven candidates for governor, and voters are exhorted not to forget to express their second choice.

## AIR SAILORS ARE RESCUED

Woman Catches Drag Rope and Stops Drift of Dirigible

Chicago, Sept. 10.—Horace B. Wild and John De Courcy, his engineer, started out last night from Woodlawn in a 125-foot dirigible balloon. They were sailing toward the down town district when a water plug blew out and they found themselves in serious trouble several hundred feet in the air.

Their cries were heard by Mrs. Walter R. Smith, who was on the roof of a shed in the rear of her home. She saw the craft was settling and also caught a glimpse of a long trail rope hanging from the balloon and dragging against buildings. As the rope dangled near her she seized it and held on with all her 185 pounds of strength.

She was dragged from the roof and against a fence, but she held on and finally succeeded in stopping it. The craft settled down among some telegraph wires with no further damage than a broken rudder.

## MAINE NOT DEMOCRATIC

Roosevelt and Taft Leaders Combine to Defeat Opponents

Portland, Me., Sept. 10.—The political overturn in Maine's state election, in which the Republicans won back the governorship, won three of the congressmen and a sufficient majority on the joint ballot in the legislature to secure the election of a United States senator became more apparent today with revised and additional returns.

William T. Haines of Winterville, Republican, was elected governor by a plurality of 3,557 over Governor Frederick W. Plaisted, Democratic candidate of Augusta. The vote, with twenty-eight towns missing in latest returns, was:

Haines, Republican, 70,024; Plaisted, Democrat, 66,615. Two years ago the vote for governor was:

Bert M. Fernald, Republican, 64,672; F. W. Plaisted, Democrat, 73,425. The missing twenty-eight towns two years ago cast 751 votes for the Republican candidate and 846 for the Democratic leader.

Congressman Asher C. Hind, first district, and Congressman Frank E. Guernsey, fourth district, Republicans, were re-elected by increased majorities, and Forest Goodwin, Republican, supplanted Congressman Samuel W. Gould, Democrat, in the Third district.

The Democratic candidate in the Second district, Congressman D. J. McGillicuddy, was re-elected.

## LEMON PRICES GO SKYWARD TODAY

Chicago, Sept. 10.—Lemon prices soared today, the fruit retailing at 40 cents a dozen, a rate near here a week ago. The reason for the increase is the interest of dairymen. On the third day their milk output had increased five pounds, on the fourth day seven pounds, and on the fifth day nine pounds.

## ROOSEVELT IN SEATTLE

Thousands Struggle at Station For Chance to See Progressive

Seattle, Sept. 10.—"We are facing the greatest crisis since the days of Lincoln," said Colonel Roosevelt here today to one of the largest crowds which he has addressed during his present campaign.

"I ask ex-Democrats and ex-Republicans alike to leave the old parties, both of them house-ridden and privilege-controlled, and come with us, for we stand for the eternal principles of righteousness."

Colonel Roosevelt said he was moved by his reception in Seattle, which led him to lay aside the concrete issues of the campaign when he began his address, and deliver what he calls a "lay sermon."

"I ask you to support us," he said, "in the name of morality, of honesty, of disinterestedness. I ask you to support us in the name of religion, in the deepest and broadest sense."

"We have declared, and we are the first party to declare, that the government shall henceforth represent the average man and the average woman. We have declared that politics shall be put at the service of economics and economics shot through with morality."

Colonel Roosevelt then assailed the Democratic party on its doctrine of states' rights.

"The Democrats look back," he said, "looks back to the dead exploded theory that the problems which affect all of us can be controlled by the states of the nation, by states' rights. There is only one entity which is able to control the big corporations and that is Uncle Sam."

"Our opponents say that I wish to destroy representative government. That is not so. I want representative government that really represents us. I want representative government to work for us in the open, and not for the invisible empire which works in darkness."

Declaring for the abolition of child labor, Colonel Roosevelt continued: "Here again comes in the utter bourgeoisie of states' rights. We hope that the states themselves will prevent child labor, but, if they do not, we declare that the child is the greatest asset of the nation and that the nation itself shall protect them."

Colonel Roosevelt said that the Panama canal should not have been built "unless we had had the forethought to fortify it."

"I believe in peace," he continued, "but I don't want peace just because others don't think it worth while to kick us, but because they realize that while we will do injustice to no one, we will suffer injustice from no one. I passed through a good many years in the cow country where it used to be said that you probably wouldn't need a gun at all, but if you did need one you would need it dreadfully sudden."

Seattle, Wash., Sept. 10.—Thousands of people struggled at the railroad station for a chance to see a glimpse of Colonel Roosevelt when he arrived. He entered an automobile that led a long procession of automobiles and marching men to Dreamland pavilion. The hall was crowded to suffocation. Those who were unable to get in waited for a possible overflow meeting. Sheriff Robert T. Hodges, Progressive candidate for governor, introduced Colonel Roosevelt, who seemed in exuberant spirits over the reception given him.

## WILSON USES PRIVATE CAR

Committee Will Make Governor's Tour Pleasant—Views Parade

New York, Sept. 10.—Governor Woodrow Wilson left today for Atlantic City, where he will view a parade this afternoon of the Spanish-American War veterans now visiting the state capital here.

The Democratic national committee has obtained a private car for the use of Governor Wilson during the campaign.

## SOCIALISTS MAY FLAUNT RED FLAG

Jersey City, N. J., Sept. 10.—Socialists may fly the red flag without police interference in New Jersey, according to a decision by Supreme Court Justice Francis J. Swayze in the case of two men of North Bergen, N. J.

"This is a free country," said Judge Swayze. "The Socialist party is a legally authorized party in the state of New Jersey. The red flag is the emblem of that party. Any man of that particular faith has a right to display the flag if he so desires."

Santa Rosa, Cal., Sept. 10.—Two cows put upon a rigid diet of apple less cactus and a rather near here a week ago. The reason for the increase is the interest of dairymen. On the third day their milk output had increased five pounds, on the fourth day seven pounds, and on the fifth day nine pounds.
